

Create your own water features with Classic Rocks

The Classic Rocks range of water features and rocks enables you to be as creative as you want when designing a poolside feature. Take one or all of the range and position as you require.

The Cave Waterfall feature can be an exquisite addition to the side of your pool on its own or as a combination with the edge rocks. Its deep cavern makes enhance the soothing water sound making your pool look and sound like a tropical rainforest setting.

The Rock Waterfall again can be used as a single feature or with combinations. Allow the cool plume of water to flow over your body as you admire the natural forms of this feature.

The Edge Rocks used to add that finishing touch to your pool, making the surroundings look incredibly ...natural.

All rocks are made from formed Resin and are incredibly light weight making for simple landscaping.
